

7 Windisch Herrnsheimer Schloss Gewurztraminer Spatlese 2012

"Gewurztraminer; for non-native speakers nearly unpronounceable grape; was already known in the Middle Ages. And the name means Spice Traminer which is recorded in Tramin from ca. 1000 until the 16th century and spread down the Rhine to Alsace. It's highly sensitive and therefore needs the very best and warm locations. "
