BREWERY INFO: Green's beers have been brewed in Lochristi, Belgium at the highly-respected DeProef Brewery since 2004. Inspired by strong European beers and developed to a closely guarded secret recipe, these specialty beers are brewed with a full body, crisp taste and a refreshing flavor, losing none of the taste but all of the allergens. Green's Beers are suitable for both Vegetarian and Vegan diets. Green's beers are made from gluten-free ingredients and DO NOT contain any of the following allergens or products thereof: Gluten, Crustaceans, Eggs, Fish, Peanuts, Soybeans, Milk, Lactose, Nuts, Celery, Mustard, Sesame seeds, Sulfur dioxide nor Sulfites.

INFO: Strong US sales of Green's gluten-free ales and consumer requests for a lighter gluten-free beer led to the development of Green's Enterprise Gluten-Free Dry-Hopped Lager. Made from gluten-free ingredients - millet, sorghum, rice, buckwheat, hops, water, and yeast (with no wheat or barley) - it is dry-hopped with West Coast USA hops for an appealing floral finish.

TASTING NOTES: Pale golden in color; the nose is a mix of citrus-floral aroma sensations. Clean with a crisp, light malt taste, but with an herbal, hoppy finish. Body and mouthfeel are light and refreshing.
